**Location / Dates:** The event took place in Figueira da Foz, Portugal, from 9th to 12th of September 2021.

**Short description:** The first event took place in Portugal, in the city of Figueira da Foz, from 9 to 12 September 2021. Over 4 days, the activities included in the program were developed and carried out, namely: Presentation of partner organizations; Conference for the official presentation of the project and the Europe for Citizens Program; Conference “Digital Technologies and Mobile Cultural Heritage” – Enhancement of ICT in contact, dissemination and access to Cultural Heritage; Presentation of Best Practices “Digital Communication of the Museum and Cultural Equipment” and Working and Monitoring and Evaluation Meetings. It was also possible to get to know different aspects of portuguese culture and traditions as well as contact the main points of interest of the historical and cultural heritage of the city and the parish that promoted the project.

During this event, the twinning agreement was signed between all project partners, with the presence of elements from civil society, politics and the media.

The selection of working methods aims to achieve the objectives defined in the project. Using the massive use of digital tools and social network, a participatory, active, expository and interrogative methodology was privileged, promoting multilingualism and the acquisition of formal and non-formal learning, characterized by innovation, reinforcing the participation and skills of citizens.

The selection of participants guaranteed equal access, without any type of discrimination, ensuring equality between genders and offering the opportunity to citizens who never got previously involved in similar projects. The event was developed with a long-term perspective to ensure the biggest impact public possible, offering moments of dissemination and visibility of the project and the Europe program for Citizens and creating a transnational network that addresses values such as solidarity, integration, cooperation, and friendship. The program of activities, and the different activities carried out, were published both on the website and on the project's social network, ensuring visibility of the project and the Europe for Citizens Program.

The dissemination of the e-book in a downloadable version, an electronic brochure that summarize the event and the most diverse information regarding the issues addressed in the project, was also assumed as an important dissemination and visibility tool.
